

## **Issues**

### **Improvements to the Plain**

Plans were discussed at a meeting with Cllr. Symmonds and John Cramer (?).  
Improvements might be might this year or next.

### **Joined-up cycle lanes**

Need to improve access to the railway station. At present there are 5 sets of lights to negotiate.

### **CycloX input into next local transport plan**

Simon Banks to head a subgroup with James D., Simon Hunt, Andrew Nairne and Philip R.

### **Campaign for legal cycling**

Publicity need. Dom and others met in response to Cllr. Godden's comments on bad cycling.

Discussion on cyclists in pedestrian areas: perhaps a topic for another meeting?

### **Cycle parking**

A group already exists. James and Simon wrote a report on this and sent it to the council. Susanna Pressel also interested.

### **Campaigns**

Green Road roundabout: process almost finished.

Railway bridge: campaign continues.

Campaign about bottom of Headington Hill/Morrell Ave./Marston Rd.?

### **Suggestions**

CycloX briefing? Suggested by Andrew.

Ask members every month what their concerns are. Post results on website, use as resource.

Road respect charter.

More staff resources needed in Council.

Discussion about how to approach councillors?

Work with police.

Compliment good schemes.

Need slogan for lobbying. Suggestions?

## **Minutes of Cyclox meeting 2/3/2005**

18 people present

Briefing sheet introduced by Dom, new membership forms circulated. The first part of the meeting comprised reports from the standing groups, while the second was concerned with issues Cyclox needs to look at.

### **Reports from standing groups**

#### **Events**

Ideas needed for Cowley Rd. carnival, 12<sup>th</sup> June. Ted's work for Cyclox at the carnival to be shown at Oxford 2005 at Modern Art Oxford.

Other possible events: National Bike Week; European Car-free Day (Oxford Council won't support this).

#### **Membership**

Contact: Harriet Waters.

New forms being designed for both membership and renewal. New bank account being set up.

#### **Lobbying**

Paul Cullen to be contact and to draft issues briefing sheet.

Need to organise presence at election public meetings.

Importance of networking. Need to contact other groups that include cyclists to make them more aware of cyclists' needs.

OTS working party. OXPARS is on it, why not Cyclox?

#### **Publicity**

Pam and Rosey volunteered to help. More volunteers are needed for this important group.

#### **Technical**

Contact: James Dawton.

Need to think about joined-up cycle routes. A two-tier system is needed with both fast, main road and quiet, backstreet routes.

#### **Fun, social, training**

Contact: Simon Banks.

Simon has got a grant for a training project, but needs a venue. When the project gets off the ground he plans to follow up to find out how much cycling people have done since they did the training.

Family-based training might encourage more adults to ride, not just children.

It was suggested that family cycling be Cyclox's theme for the carnival.

Proposed Witney ride: the cycle route is not very good.
