

## Cyclox is looking for new trustees

Cyclox is seeking new Oxford-based trustees who are committed to improving cycling in Oxford.

### About the role

This is a voluntary role, initially for three years, with the potential for a second term. It involves attending monthly board meetings. Reasonable expenses are reimbursed.

### About Cyclox

Cyclox is the voice of cycling in Oxford. We support more people to cycle in Oxford, more often and more safely.

This is how we work towards our mission:

- Advocate: We lobby key decision makers such as the City and County Councils and the two universities to raise awareness of cycling and to call for better cycling provision.
- Collaborate: We work with local active travel groups, the universities and other partners.
- Engage: We listen to and learn from our members and communities.
